Empowering Innovation

WE

Our Concept

Simge Intellectual Property is a boutique IP agency based in Turkiye, exclusively dedicated to serving international IP firms. Our mission is clear: to deliver unparalleled professional IP services tailored to the unique needs of global patent and trademark attorneys.

Our target audience is comprised solely of foreign patent and trademark attorneys operating outside Turkiye. We do not extend our services to local companies, individuals, or organizations within Turkiye.

As a professional-to-professional service provider, we intimately understand the challenges and demands faced by global IP firms. Our team comprises seasoned attorneys and consultants with extensive experience in both local and international IP landscapes.

At Simge Intellectual Property, we are committed to exceeding your expectations and delivering results that propel your IP strategy forward. Contact us today to discover how we can elevate your intellectual property endeavors to new heights.

YOU

Ip Professionals

SIMGE IP offers specialised services to IP professionals such as IP law firms, patent attorneys, trademark attorneys, IP agents and IP experts.

**Global IP Firms
IP Professionals
Patent Trademark
Attorneys**

We specialise in providing tailored IP services to Global IP Attorney firms and Patent and Trademark Agents, offering the local expertise and insight required to manage intellectual property in Türkiye. With our experience of local IP laws, regulations and industry practices, we serve as your trusted partner for all your IP needs.

**SMEs IP
Department**

Acting as an external patent department for global SMEs, we cover the full range of intellectual property rights in Türkiye on your behalf. For many of our clients, we act as an extension of their own organisation, functioning as a patent department responsible for all aspects of IP within the company.

**Global Patent
Translation Firms**

Our team of translators, IP experts and subject matter specialists has the expertise and knowledge required to deliver accurate and reliable translations of intellectual property documents. We ensure that patent documents are translated with precision and attention to detail.

**Universities and
Institutes**

We work with and for universities and research institutes. Our central aim is to filter out patent-relevant information from the often numerous scientific details and data layers and to describe the core invention.
